

Heavy-duty air suspension for tractor and rigid truck applications in single / tandem drive, maximises driver comfort and vehicle protection

Rated up to 11.5t (single) / 23t (tandem), PRIMAAX[®] EX air suspension provides optimal ride performance and excellent articulation. Unique parallelogram suspension geometry, to significantly control drive / brake torque, with cast support beams and square cross brace provides a solid connection and forms a rigid torsion and stabiliser system providing optimal roll stability and directional control.

To learn more about PRIMAAX EX, call Hendrickson or visit our global websites for additional information.

PRIMAAX® EX Features and Benefits

Outstanding Ride

- Superior ride and handling provide enhanced driver comfort and protection to vehicle loads and body
- Roll-resistant design simplifies installation and maintenance
- Superior articulation for tandem applications

More Road Time

- Proven in arduous conditions
- Hendrickson's torsion bar eliminates the need for a costly anti-roll bar
 - ✓ Reduces weight
 - Increased load capacity helps boost end user operating efficiency
 - ✓ Improves packaging

Flexibility

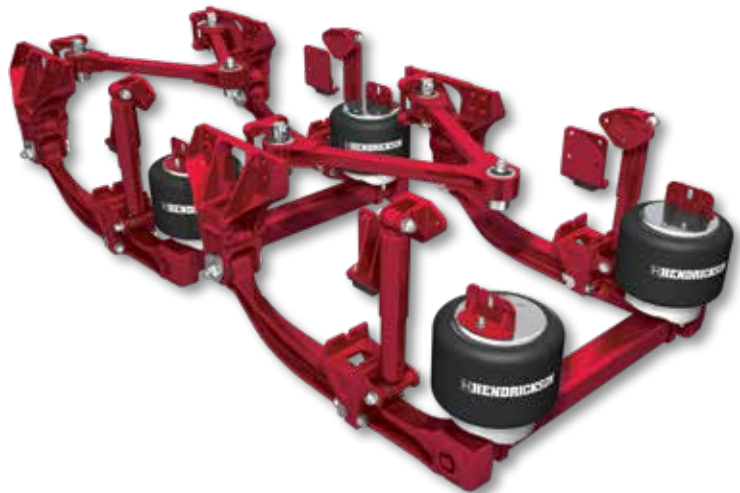

- Suitable for tractor and rigid applications
- Unique suspension geometry
 - ✓ Parallelogram design significantly controls suspension wind up and corresponding frame rise
 - ✓ Driveline angles are maintained throughout axle travel, thereby reducing suspension-induced driveline vibration and extending component life

PRIMAAX EX Specifications

Installed Weight*	Typically 240kg / axle
Capacity	Up to 11.5t (single) / 23t (tandem)

* Installed weight excludes axle, wheel ends and brakes — supplied kit only.

Actual product performance may vary depending upon vehicle configuration, operation, service and other factors.

All applications must comply with applicable Hendrickson specifications and must be approved by the respective vehicle manufacturer with the vehicle in its original, as-built configuration. Contact Hendrickson for additional details regarding specifications, applications, capacities, and operation, service and maintenance instructions.
