

HCA® HENDRICKSON CHASSIS AXLE™

- Worldwide product support
- Low-maintenance
- Outstanding warranty coverage

Industry-standard, low-maintenance axle

The HCA® Hendrickson Chassis Axle™ for intermodal and marine chassis applications is one of Hendrickson's full-line, industry-leading, low-maintenance axles. Featuring a patented axle filter for internal venting, the HCA axle comes fully dressed with a standard package that includes brakes and hub-piloted hubs. With an axle capacity of 9t (metric tonnes), the 127 mm round HCA axle includes heat-treated spindles, rigid forged steel spiders and 420 × 180 mm brakes.

To enhance durability, Hendrickson adds an oil-impregnated bronze spider bushing and hardened machined cam heads, journals and splines. Hendrickson Chassis Axles help deliver low-cost, low-maintenance solutions for the chassis axle market. All HCA axles are offered with outstanding warranty coverage and support from a recognised leader in the commercial vehicle industry.
